What-To-Do For Fall Parties

IF your fall parties don't turn out to be a grand time for all, it isn't the fault of the shops this season. There's everything new to do, new to eat, new to drink and new ways to eat and drink them. Going through the game departments of the larger stores is more fun than a country fair—what with things to shoot, balls to roll, punch games and dice games. And even perennial bridge has new devices that all but play the game for you.

Jolly Games

Among the new games to be recommended are "Balaroo," with a spin-the-top center and ping pong ball attachments, a new anagram game that is lively and amusing and known as "Scramble," Eddie Canton's dealt-board game called "Tell It to the Judge," and another game called "Sorry" which anyone would be glad to play. Backgammon is still holding its own and comes in any kind of form you want, from the ten cent store edition to a handsome tooled-leather set. And there are also old-fashioned parchesi sets—the kind you played on when you were a youngster—and Club Parchesi which has a board similar to a Christmas board.

Cocktail napkins continue to be amusing. One pale green linen set has a different player in a jazz band on each napkin, while another, which comes in various colors, lists the name of a different drink in the corner of each. The new plaid gingham sets come in most cheerful colors and are very inexpensive.

You will want a list of smart new foods to serve at your very new fall parties—canapes, salads, desserts and candies. Here are some tested recipes that you will like and which your guests will remember:

Jolly Good Food

Manhattan Canapes: Toast or fry rounds of bread, then spread with anchovy paste. Cut slices of ripe tomato one-half inch thick, having the bread slightly larger in diameter. Remove seeds from the tomatoes, leaving four cavities in each slice. Place the tomato on toast and fill one cavity with seasoned caviar, the next with chopped chutney, the third with pickled onions and the last with sliced artichoke hearts. Pipe around the tomato, on the edge of the toast, a narrow band of green mayonnaise.

Shrimp Mowgwin: Cook one-half cup of whole blanched almonds in one and one-half tablespoons butter very gently until a golden yellow. Add three-fourths cup celery cut in one-half inch pieces, and cook again until the celery is tender and the nuts and celery are a golden brown. Add shrimps cut in halves from a 5½ ounce can, and cook two minutes longer. Add one-third cup cream, season to taste with salt and serve on hot fingers of toast.

Stuffed Pimola Entrée: Smooth one, teaspoon flour with one-half cup cream, and bring to boiling. Add the contents of a small can of deviled ham, and stir until smooth. Wrap a piece of bacon around each of five large pimolas, and fasten with a toothpick. Fry in deep fat. Pour the deviled ham sauce on five rounds of toast and place a pimola in its bacon covering on each one.

Pineapple and Cherry Salad: Cut pineapple slices from a No. 2½ size can in halves, and place two halves on crisp lettice leaves, with the round edges of the pineapple touching in the center. Stone two cups of ripe black cherries (or use canned pitted black cherries), and stuff with cream cheese and put an almond in each. Place on two sides of the salad, and make rosettes of mayonnaise on the other two sides.

Snowball Cakes: Cream together one-half cup butter and one and three-quarters cups sugar, add one cup diluted evaporated milk alternately with two and one-fourth cups cake flour which has been sifted with three teaspoons baking powder. Add one teaspoon almond flavoring, and fold in carefully five beaten egg whites. Bake a small amount in small muffin tins or round bottomed custard or jelly molds. Have the oven 375 degrees for about twenty minutes. Cool, cut a thin slice off the top of each cake to give a flat surface, spread with strawberry, or some other jam, and press two cakes together. Then ice the entire cake with boiled icing or with melted fondant. If you like, roll in cocoanut.

Hawaiian Fudge: Boil to 238 degrees two cups sugar, one-half cup cream, one-half cup crushed pineapple and one tablespoon butter. Tint a pale green, cool and beat until creamy. Add one-fourth cup chopped nuts, pour into a buttered pan. Cut in squares.

WARNING

to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a *liquid* laxative.

All doctors know the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly *three thousand* births without the loss of one mother or child, should give any prescription which he wrote! But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, *and this is of the utmost importance to expectant mothers and to every child.*

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful tasting laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug to be absorbed by the system, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

In sad but loving remembrance of our father and husband, Chas Edward Martin, who departed this life three years ago, December 20, 1933.

Three long years have passed dear daddy,
Since the day you went away
But you have not been forgot ten
For we miss you every day.

We think of you in silence
No eye can see us weep,
But still within our aching hearts
Your memory we shall keep.

Never more on earth shall we see you,
Never more your voice to hear
But your loving memory lingers
In the harts that loved y o u dear.
Sadly missed by wife and children.

Men Now At Work On Projects

Financed by federal funds, the school system of Appomattox is being greatly modernized and buildings and grounds made more attractive.

Some $9,000 has already been granted the schools of this county and telephonic conversations yesterday indicated that all of the $23,000 asked would be allocated. This will provide work for over 60 men for several months.

The following program is being followed: At Appomattox school; grading, leveling and clearing of entire school grounds and surrounding same with a beautiful web-wire fence; 240 feet sidewalk from main building to agricultural building; electric wiring in administration building, storm sewerage; repairing seats in auditorium; general painting of all buildings, inside and out.

At Pamplin, project yet to be approved, but to comprise the largest plan in the county, addition to building, general repairing, painting, cleaning and grading. At Vera, addition of one new room. At Evergreen, Stonewall, Spout Spring and other schools in county, painting, grading and repairing. Similar improvements at the colored schools have been submitted.

When these projects are completed, the county schools will be in excellent physical condition and funds now being expended will enable work to be done that was in the planing of the school board but which could not have been financed for many years.

Seven additional teachers will be added to the county's system as of January 2. These teachers will conduct adult classes at night and aid in emergency relief to crowded classes in the day.

The promptness of the school board and superintendent in meeting the requirements of the works administration is largely responsible for the immediate granting of funds to enable these improvements.

There are 63 letters yet to be heard from in Southside district. So far $18.25 has been collected in Southside district. Last year $31.74 was collected in this district. This is certainly a needed cause. Let's fall in line for what we did last year and may we try and do even better this year. Please send in your money or return the stamps to your local chairman as soon as possible.

Helped By Cardui

Here's the true story of how Cardui helped Mrs. H. E. Dunaway, of McComb, Miss., as written by herself:

"I was sick and rather discouraged. I was so weak and thin, I was not able to do my work as it should be done. This made me fret a good deal, and did not help my condition.

"I had pains across my back and lower part of my body. My nights were spent in rolling from one side of the bed to the other, hoping I would soon go to sleep. Then when morning would come, I would be just as tired as when I went to bed. A neighbor, seeing how badly I felt, told me to try Cardui. After I had taken one bottle, I was much better. I kept on taking Cardui, and I was stronger and slept much better at night."

MARKETS HOPE TO OPEN WITH BOOM JAN. 2nd

Buyers In Conference Yesterday In D. C.

Agreements Offered Local Leaf Growers

Uncle Sam says it's up to the farmer, just what to be done about prices on dark tobacco when the markets reopen in January. Crop reduction contracts are now being presented to the growers. Uncle Sam says, "sign the contract to reduce the crop, and we'll see what we can do about this year's prices."

Agricultural administration officials met yesterday with buyers in Washington. The chief problem is what to do about the great quantity of low grade tobacco the farmers have on hand. The government feel that if the buyers are shown crop reduction contracts, they may induce their companies to pay higher prices on this year's crop.

"It's up to the farmers", said one government official yesterday. "If they cooperate wholeheartedly and do it immediately, we believe we can get help for them this season."

The contracts call for a 25% crop and acreage reduction in return for benefit payments. Several methods are given for arriving at the reduction figure.

Meetings are being held in the dark belt this week in regards to the contracts. County agent R. B. Hudgins, has prepared 2,000 information contracts and followed a schedule of meetings in all parts of the county.

Monday the meeting was held at Stonewall; Tuesday at the court house; Tuesday night at Ookville; Wednesday at Hixburg; Wednesday night at Evergreen; Thursday at Beckham; Thursday night at Liberty Chapel; Friday at Pettys Fok; tomorrow at Vera.

The extension division at V. P. I. declares that growers who sign the contracts will share in $1,700,000 benefit payments. One of four bases for reduction may be chosen, as follows: the average acreage and production of 1932 and 1933; the acreage and production for 1932, provided the 1932 acreage was not more than 10% greater than 1933; the 1933 acreage, provided it is not more than 20% greater than 1932, in which case the base may be 80% of the 1933 acreage and production; and 50% of the acreage and production of 1931.
